

Elementary And Secondary School Emergency Relief Fund (ESSER FUND)**Section: Narratives - Program Description****INTRODUCTION**

Under the Elementary and Secondary School Emergency Relief Fund (ESSER Fund), the Pennsylvania Department of Education (PDE) awards grants to local educational agencies (LEAs), to address the impact that Novel Coronavirus Disease 2019 (COVID-19) has had, and continues to have, on elementary and secondary schools across the state. LEAs must provide equitable services to students and teachers in nonpublic schools as required under the Coronavirus Aid, Relief, and Economic Security Act (CARES Act).

Please note: ESSER funds, under any part of 18003, **cannot** be used for: 1) subsidizing or offsetting executive salaries and benefits of individuals who are not employees of the SEA or LEAs or 2) expenditures related to state or local teacher or faculty unions or associations. CARES Act funds generally will not be used for bonuses, merit pay, or similar expenditures, unless related to disruptions or closures resulting from COVID-19.

***ESSER funds are not Title I funds and as such, are not subject to Title I rules.**

Please explain how the LEA will determine its most important educational needs as a result of COVID-19. (3000 characters max)

The sudden closure of schools that necessitated a transition from traditional learning to remote learning required significant learning and adjustment for students, teachers, and families. Planning for the 2020-2021 reopening of schools as well as the potential need for hybrid or closure models in the future can only be accomplished through the evaluation of feedback and data collected from all stakeholders. Families and teachers were surveyed to collect feedback about the closure and reopening of schools. The establishment of the North Hills School District's Re-opening Committee brought various perspectives together in order to identify successes and areas of need moving forward. Attendance records from the spring 2020 remote learning experience were used to identify areas of need related to participation and accessibility. While the NHSD Continuity of Education Plan for the school closure suspended the District grading policy and provided a pass/fail system for grading, evaluating student work completion provided important data for the District in making plans for supporting learners at all levels regardless of success in a remote learning environment. During the school closure, District technology was loaned to the District's more vulnerable population who did not have access to devices for students. The overwhelming request for devices provides important documentation of the community's need for technology in order to be successful during remote learning that is anticipated to be necessary in the future. Upon the reopening of schools, benchmark assessments that provide information related to the acquisition of skills and student progress will be used to determine the educational needs of students associated with not only the transition to remote learning but also the varying levels of support families were able to provide during remote learning. Professional development that provides opportunities for departments and grade levels to communicate and collaborate related to curricular standards taught during school closure, evaluation and adjustment of the scope and sequence of curriculum, and focused planning for addressing student needs will guide instruction as well. CDC and state guidelines related to class size, social distancing, and protective masks were used to plan for student and staff safety needs for returning to school and providing instruction in a traditional setting.

Elementary And Secondary School Emergency Relief Fund (ESSER FUND)

Please explain the LEA's proposed timeline for providing services and assistance to students and staff in both public and nonpublic schools. (3000 characters max)

To prepare for instruction, the District calendar is under board review for revisions that include additional days of professional development prior to the reopening of schools. Throughout the 2020-2021 school year, assessments and feedback will guide the District's plans and actions for supporting students. Strategies and technology implemented immediately will continue to support students far beyond the 2020-2021 school year.

Please explain the extent to which the LEA intends to use ESSER funds to promote remote learning. (3000 characters max)

Utilizing funds to expand the NHSD one-to-one technology initiative (Project Connect) to include all students K-12 will provide a consistent platform for student participation and technological support during remote learning. Providing iPads regardless of the type of instruction being delivered will provide all students with a powerful tool to assist them in learning regardless of the district delivering instruction traditionally, hybrid, or virtually. By decreasing the number of students in each classroom, teachers will be able to address the needs of students during remote learning more effectively. Regardless of the phase, smaller class sizes will allow teachers to coordinate and rehearse instructional practices that can be applied to both traditional in-person learning as well as remote learning during hybrid or traditional options for instruction. Hybrid and virtual options, as well as the district's ability to reduce class capacity cannot be successful without all students having access to one specific learning device and learning platform.

Please describe how the LEA intends to assess and address student learning gaps resulting from the disruption in educational services. (3000 characters max)

Attendance data has been used to guide adjustments to attendance requirements for students and expectations for synchronous and asynchronous instruction. Participation data has been used to support expansion of the North Hills School District Project Connect (one-to-one technology) initiative to provide iPads for all students K-12. Professional development that provides opportunities for departments and grade levels to communicate and collaborate related to curricular standards taught during school closure, evaluation and adjustment of the scope and sequence of curriculum, and focused planning for addressing student needs will guide instruction as well. Benchmark assessments that provide information related to the acquisition of skills and student progress will be used to determine the educational needs of students associated with not only the transition to remote learning but also the varying levels of support families were able to provide during remote learning. CDC and state guidelines related to class size and social distancing suggest smaller class sizes are needed. In addition to health safety, smaller class sizes improve the teachers' opportunities to support individual learners. Providing face shields for teachers while delivering instruction maximizes the students' opportunities for understanding (as opposed to a mask that hides much of the face) and accommodates students with learning difficulties such as hearing impairment or autism.

Please describe the LEA(s) proposed procedures for evaluating local COVID-19 impacts in relation to education programming and delivery. (3000 characters max)

Areas of emphasis should include:

Elementary And Secondary School Emergency Relief Fund (ESSER FUND)

- Documenting learning loss associated with extended school closure;
- Outlining the development of local continuity of education plans over the course of emergency response efforts; and
- Detailing supports for vulnerable student populations and families.

During the school closure, District technology was loaned to the District's more vulnerable population who did not have personal or in-home access to technology for student usage. The overwhelming request for devices provides important documentation of the community's need for students to have personal access to technology in order to be successful during remote learning that is anticipated to be necessary in the future. Therefore, the North Hills School District Project Connect (one-to-one technology) initiative is being expanded to provide iPads for all district students K-12. Benchmark assessments that provide information related to the acquisition of skills and student progress will be used to determine the educational needs of students associated with not only the transition to remote learning but also the varying levels of support families were able to provide during remote learning. Professional development that provides opportunities for departments and grade levels to communicate and collaborate related to curricular standards taught during school closure, evaluation and adjustment of the scope and sequence of curriculum, and focused planning for addressing student needs will guide instruction as well. A review of the North Hills School District Continuity of Education Plan was devised and executed as was necessary at a time when the entire community was in closure. Areas to be changed have been identified to encourage greater participation and success in future remote learning phases. CDC and state guidelines related to class size and social distancing suggest smaller class sizes are needed. In addition to health safety, smaller class sizes improve the teachers' opportunities to support individual learners. Providing face shields for teachers while delivering instruction maximizes the students' opportunities for understanding (as opposed to a mask that hides much of the face) and accommodates students with learning difficulties such as hearing impairment or autism.

Please describe the LEA core set of strategies that will be used to guide local investment of CARES funding, associated with short-range (*i.e.*, remainder of the 2019-20 school year) and long-range (2020-21 and 2021-22 school years) timelines. (3000 characters max)

These strategies may entail the establishment, scale-up, refinement, or evaluation of remote learning, as well as strategies for school-based teaching and learning responsive to conditions related to the pandemic. LEAs will be asked to outline how limited, one-time CARES funding may support these initiatives and how CARES funding might interact with other federal funding, including enhanced Title IV flexibility, to ensure strategic and sustainable use of one-time funds.

The sudden closure of schools that necessitated a transition from traditional learning to remote learning required significant learning and adjustment for students, teachers, and families. Planning for the 2020-2021 reopening of schools as well as the potential need for a hybrid or closure model in the future can only be accomplished through the evaluation of feedback and data collected from all stakeholders. Families and teachers were surveyed to collect feedback about the closure and reopening of schools. The establishment of the North Hills School District's Re-opening Committee brought various perspectives together in order to identify successes and areas of need moving forward. Attendance records from the spring 2020 remote learning experience were used to identify areas of need related to participation and accessibility. While the NHSD Continuity of Education Plan for the school closure suspended the District grading policy and provided a pass/fail system for grading, evaluating student

work completion provided important data for the District in making plans for supporting learners at all levels regardless of success in a remote learning environment. During the school closure, District technology was loaned to the District's more vulnerable population who did not have access to devices for students. The overwhelming request for devices provides important documentation of the community's need for technology in order to be successful during remote learning that is anticipated to be necessary in the future. Upon the reopening of schools, benchmark assessments that provide information related to the acquisition of skills and student progress will be used to determine the educational needs of students associated with not only the transition to remote learning but also the varying levels of support families were able to provide during remote learning. Professional development that provides opportunities for departments and grade levels to communicate and collaborate related to curricular standards taught during school closure, evaluation and adjustment of the scope and sequence of curriculum, and focused planning for addressing student needs will guide instruction as well. CDC and state guidelines related to class size, social distancing, and protective masks were used to plan for student and staff safety needs for returning to school and providing instruction in a traditional setting.

Please describe specific plans, measures, and longer-term evaluative strategies concerning student learning gaps - as well as opportunity to learn factors - stemming from COVID-19. (3000 characters max)

The sudden closure of schools that necessitated a transition from traditional learning to remote learning required significant learning and adjustment for students, teachers, and families. Planning for the 2020-2021 reopening of schools as well as the potential need for a hybrid or closure model in the future can only be accomplished through the evaluation of feedback and data collected from all stakeholders. Families and teachers were surveyed to collect feedback about the closure and reopening of schools. The establishment of the North Hills School District's Re-opening Committee brought various perspectives together in order to identify successes and areas of need moving forward. Attendance records from the spring 2020 remote learning experience were used to identify areas of need related to participation and accessibility. While the NHSD Continuity of Education Plan for the school closure suspended the District grading policy and provided a pass/fail system for grading, evaluating student work completion provided important data for the District in making plans for supporting learners at all levels regardless of success in a remote learning environment. Elementary And Secondary School Emergency Relief Fund (ESSER FUND)**Section: Narratives - Allowable Usage of Funds****ALLOWABLE USAGE OF FUNDS**

Check the box before each intended acceptable use classification your LEA is applying to use ESSER funds to support.

For additional information on cleaning and sanitizing your LEA, please visit the following resources:

[CDC - Disinfectant Decision Tool website](#)

[CDC - Cleaning Guide website](#)

***If your LEA is spending in an area authorized by the ESEA of 1965, please select option (1), then specify which sub-program(s) will be included by selecting from options "A - L".**

- (1) Any activity authorized by the ESEA of 1965.**
- (a) Title I, Part A (Improving Basic Programs Operated by LEAs; Section 1003 school improvement)**
- (b) Title I, Part C (Education of Migratory Children)**
- (c) Title I, Part D (Prevention and Intervention Programs for Children and Youth Who Are Neglected, Delinquent, or At Risk)**
- (d) Title II, Part A (Supporting Effective Instruction)**
- (e) Title III, Part A (English Language Acquisition, Language Enhancement, and Academic Achievement)**
- (f) Title IV, Part A (Student Support and Academic Enrichment Grants)**
- (g) Title IV, Part B (21st Century Community Learning Centers)**
- (h) Title V, Part B (Rural and Low-Income School Program)**
- (i) Subtitle B of title VII of the McKinney Vento Homeless Assistance Act**
- (j) The Individuals with Disabilities Education Act ("IDEA")**
- (k) The Adult Education and Family Literacy Act**
- (l) The Carl D. Perkins Career and Technical Education Act of 2006 ("the Perkins Act")**
- (2) Coordination of preparedness and response efforts of local educational agencies with State, local, Tribal, and territorial public health departments, and other relevant agencies, to improve coordinated responses among such entities to prevent, prepare for, and respond to COVID-19.**
- (3) Providing principals and others school leaders with the resources necessary to address the needs of their individual schools. See help text for example.**
- (4) Activities to address the unique needs of low-income children or students, children with disabilities, English learners, racial and ethnic minorities, students experiencing homelessness, and foster care youth, including how outreach and service delivery will meet the needs of each population.**
- (5) Developing and implementing procedures and systems to improve the preparedness and response efforts of local educational agencies. See help text for example.**
- (6) Training and professional development for staff of the local educational agency on sanitation**

Elementary And Secondary School Emergency Relief Fund (ESSER FUND)

and minimizing the spread of infectious diseases. (For helpful tips on cleaning and sanitizing your LEA, please visit CDC's website, links are provided in the question text above.) ****Purchases of Personal Protective Equipment (PPE) are allowable.****

- (7) Purchasing supplies to sanitize and clean the facilities of a local educational agency, including buildings operated by such agency.
- (8) Planning for and coordinating during long-term closures, including how to provide meals to eligible students, how to provide technology for online learning to all students, how to provide guidance for carrying out requirements under the Individuals with Disabilities Education Act (20 U.S.C. 1401 et seq.) and how to ensure other educational services can continue to be provided consistent with all Federal, State, and local requirements.
- (9) Purchasing educational technology (including hardware, software, and connectivity) for students who are served by the local educational agency that aids in regular and substantive educational interaction between students and their classroom instructors, including low-income students and students with disabilities, which may include assistive technology or adaptive equipment.
- (10) Providing mental health services and supports.
- (11) Planning and implementing activities related to summer learning and supplemental afterschool programs, including providing classroom instruction or online learning during the summer months and addressing the needs of low-income students, students with disabilities, English learners, migrant students, students experiencing homelessness, and children in foster care.
- (12) Other activities that are necessary to maintain the operation of and continuity of services in local educational agencies and continuing to employ existing staff of the local educational agency.

Based on your selections above, please complete the table by identifying categories of usage, and providing a description of how your LEA will utilize the funds. If your selections include option (1) "Any activity authorized by the ESEA of 1965", please include each selected sub-program in your description. (For the description there is a maximum of 1000 characters.)

**For consortium applications, please include a line for each applicable LEA/Usage combination*

LEA Name	Allowable Usage of Funds	Option (1) Subpart	Description (1000 max characters)
North Hills School District	(12) Other activities that are necessary...	(d) Title II, Part A	Funding for two elementary classroom teachers for the purpose of classroom size reduction
North Hills School District	(7) Purchasing supplies to sanitize and clean...	N/A	Funding for the purchase of face shields for teachers
North Hills School District	(9) Purchasing educational technology...	N/A	Funding for the purchase of iPads for students

Elementary And Secondary School Emergency Relief Fund (ESSER FUND)

Section: Narratives - ESSER Fund Assurances

ESSER FUND ASSURANCES

LEAs receiving ESSER funds will provide equitable services to students and teachers in nonpublic schools as required under 18005 of Division B of the CARES Act.

Yes

LEAs that receive more than \$150,000 in CARES Act funds will complete quarterly reports, including the following data: (LEAs receiving less than \$150,000 please select 'NO')

- The total amount of funds received, the amount spent or obligated for each project or activity,
- A detailed list of all projects or activities supported with CARES Act funds including:
 - Name
 - Description
 - Estimated number of jobs created or retained (where applicable)
- Detailed information on subcontracts and subgrantees, including FFATA data elements, as prescribed by OMB.

Yes

LEA will, to the greatest extent practicable, continue to compensate its employees and contractors during the period of any disruptions or closures related to COVID-19 in compliance with Section 18006 of Division B of the CARES Act. In addition, each entity that accepts funds will continue to pay employees and contractors to the greatest extent practicable based on the unique financial circumstances of the entity. CARES Act funds generally will not be used for bonuses, merit pay, or similar expenditures, unless related to disruptions or closures resulting from COVID-19.

Yes

The LEA will cooperate with any examination of records with respect to such funds by making records available for inspection, production, and examination, and authorized individuals available for interview and examination, upon the request of (i) the Department and/or its Inspector General; or (ii) any other federal agency, commission, or department in the lawful exercise of its jurisdiction and authority.

Yes

LEA maintains inventory records, purchase orders and receipts for equipment (over \$5,000) purchased and Computing Devices and Special Purpose Equipment (\$300 - \$4,999) and will conduct a physical inventory every two years.

Yes

Elementary And Secondary School Emergency Relief Fund (ESSER FUND)

The LEA will comply with all reporting requirements, including those in Section 15011(b)(2) of Division B of the CARES Act, and submit required quarterly reports to the Secretary at such time and in such manner and containing such information as the Secretary may subsequently require. (See also 2 CFR 200.327-200.329). The Secretary may require additional reporting in the future, which may include: the methodology LEAs will use to provide services or assistance to students and staff in both public and nonpublic schools, the uses of funds by the LEAs or other entities and demonstration of their compliance with Section 18003(d), such as any use of funds addressing the digital divide, including securing access to home-based connectivity and remote-use devices, related issues in supporting remote learning for all students, including disadvantaged populations.

Yes

Any LEA receiving funding under this program will have on file with the SEA a set of assurances that meets the requirements of section 442 of the General Education Provisions Act (GEPA) (20 U.S.C. 1232e).

Yes

To the extent applicable, an LEA will include in its local application a description of how the LEA will comply with the requirements of section 427 of GEPA (20 U.S.C. 1228a). The description must include information on the steps the LEA proposes to take to permit students, teachers, and other program beneficiaries to overcome barriers (including barriers based on gender, race, color, national origin, disability, and age) that impede equal access to, or participation in, the program.

Yes

Elementary And Secondary School Emergency Relief Fund (ESSER FUND)

Section: Non Public Organizations - Nonpublic Equitable Services

NONPUBLIC EQUITABLE SERVICES

An LEA receiving ESSER funds will provide equitable services to students and teachers in nonpublic schools as determined through timely and meaningful consultation with representatives of nonpublic schools.

- Section 18005 of the CARES Act requires school districts that receive Elementary and Secondary School Emergency Relief Funds (ESSERF) provide equitable services in the same manner as provided under Section 1117 of ESEA, which means in the same manner as equitable services are provided in Title I, Part A.
- The equitable services provided to nonpublic school students and teachers should be determined in consultation with nonpublic school representatives. School districts may provide services directly or may contract with a public or private entity after following the appropriate procurement procedures to deliver the services.

CHECK HERE - if your LEA does NOT provide equitable services to nonpublic students and teachers as described in CARES Act Program.

The LEA will ensure that a public agency will maintain control of funds for the services and assistance provided to a nonpublic school under the ESSER Fund.

Yes

The LEA will maintain control of materials, equipment, and property purchased with ESSER funds.

Yes

The LEA will ensure that services to a nonpublic school with ESSER funds will be provided by a public agency directly, or through contract with, another public or private entity.

Yes

NONPUBLIC EQUITABLE SHARE CALCULATION

The nonpublic equitable share should be calculated and based on the 2019-20 low income students of nonpublic schools that participated in 2019-20 Title I, Part A programming. Additionally, school districts that have low income students participating in nonpublic schools that previously **declined** Title I, Part A services during the 2019-20 school year, must **consult** with these nonpublic schools to determine ESSER participation.

PREVIOUSLY DECLINED NONPUBLIC ORGANIZATIONS

Elementary And Secondary School Emergency Relief Fund (ESSER FUND)

If your LEA is providing services to a Nonpublic Organization that is choosing to participate in the CARES Act ESSER Funds Program, but did NOT participate in the 2019-20 Title IA program, **PLEASE CONTACT** your Regional Coordinator. Regional Coordinators will provide an adjusted Nonpublic Equitable Share value based on the inclusion of these previously non-participating populations.

***If your LEA does not have nonpublics that previously declined services, proceed to the table located under PREVIOUSLY PARTICIPATING NONPUBLIC ORGANIZATIONS.**

CHECK HERE - If your LEA serves a nonpublic organization that DECLINED Title IA services in the 2019 program year, and will be PURSUING services under ESSERF. If checked, please enter the values below.

Enter the **Adjusted Nonpublic Equitable Share** provided through Regional Coordinator consultation.

0.00

Enter the adjusted **Nonpublic Per Pupil Amount** provided through Regional Coordinator consultation. This value will be used in the Nonpublic Organizations section to calculate Nonpublic Organization Shares.

0.00

PREVIOUSLY PARTICIPATING NONPUBLIC ORGANIZATIONS

Please enter your LEA Name in the table below. Then enter your LEA's "ESSER Fund Allocation" and "ESSER Nonpublic Equitable Share" values ([Found Here - ESSER Spreadsheet](#)), followed by entry of the LEA Total Nonpublic Administration Costs, and the Total Number of Low-Income Students enrolled in all nonpublic schools who wish to participate in the ESSER CARES Act programs. The Nonpublic Per Pupil Amount will calculate when you click Save, and that value will be needed in the Nonpublic Organizations section.

The ability to add multiple lines is provided for Consortium leads to include a line for each Consortium member.
