You will see a screen with a link to the reservation system, and there is also a link to a Quick Start Guide.

All users will need to have a user account on the district reservation system MLSchedules. Information on creating an account can be found on the district's website at this link: <https://www.nhsd.net/FacilitiesReservations.aspx>

After creating an account, registered users can:

- Note recurring events in any request
- Note any specific details related to your rental needs
- Receive emailed invoices
- Upload documents required for rentals
- Save account information such as address and contact details.

Questions? Contact the Facilities Services secretary at 412-318-1046 or westm@nhsd.net.

Auditoriums

Use of the auditorium includes the use of general lighting, a podium, a public address system and any basic equipment or services that may be provided by the custodian. Theatrical or other programs requiring special theatrical effects will require a stage crew, which may be arranged for a fee.

Organizations may use their own stage crews only under the supervision of a District employee. There are three main auditoriums in the district. The largest is in the Middle School, with over 1160 seats. The second largest is in Ross Elementary, with over 730 seats. The smallest is in the Senior High School, with over 480 seats.

Gymnasiums

The Athletic Director, in consultation with the building principal will schedule dates, times and locations for school use. A permit will not be issued if there is a conflict with a school function. Equipment not specifically indicated on the reservation request will not be available for use. Times will be strictly enforced due to gymnasium time being at a premium. Please clear the gymnasium when your time is over so the next group can utilize the facilities. There are three main gyms in the district. The Senior High School has one gym, and the Middle School has two – the original Gym and the Annex Gym.

Swimming Pool

The pool is reserved through the online reservation system, but the Pool Manager must approve all pool requests. District lifeguards must be used and the Pool Manager will determine the number of lifeguards.

There are two multi-purpose rooms in the district, at Highcliff & McIntyre Elementary Schools.

MARTORELLI STADIUM & ATHLETIC COMPLEX

Athletic competition and extracurricular activities serve to enhance the educational experience. This is recognized by the North Hills School District. Emphasis will be placed toward fulfilling this endeavor within the setting of the Martorelli Stadium & Athletic Complex. Use of the facility, which includes the game field, practice field, and track, will be prioritized and assigned accordingly. Interscholastic athletic events and school-related activities are often a focal point for the school community; therefore, school-sponsored activities, such as football, soccer, and track, will be given priority.

The District also recognizes that the community should benefit from the facility, which provides an important outlet for recreation. The track at the Athletic Complex will be open to residents. If the community desires to plan an event, a permit will have to be obtained. Non-community groups should recognize that it is the intent of the District to provide the facility to groups that are tied to the school community.

The residents of the North Hills School District have provided a large capital investment in Martorelli Stadium & Athletic Complex. The District wishes to encourage use of school facilities for programs that are beneficial to the community. The District also recognizes there is a responsibility to the community to provide for the safe operation and timely upkeep of the facility. Toward that end a Fee Schedule has been established.

The Fee Schedule takes into consideration the nature of the event, which often determines staffing needs. Some events require minimal effort to facilitate; others are more extensive. The number of attendees at an athletic event, for example, can range from 200 to 7,000.

To submit a reservation request, please refer to the section: “Facility Request Procedures.”

PRIORITIZATION OF USE

School related activities would receive first consideration at the Stadium & Athletic Complex. Below is a list that will take into account those who may wish to use the facility:

1. Interscholastic Athletic Teams: This would include varsity and junior varsity level, teams that are in-season and may involve practice time and events. The events and practices need to be scheduled in advance through the Athletic Department. There may be a Middle School event that is scheduled at the discretion of the Athletic Department. Also, scheduling may occur for an in-season team, such as softball or baseball. They may benefit from using the facility if the weather does not permit them to use their regular practice facility. Practices and events will be scheduled through the Athletic Department in conjunction with the Office of Facilities Services.
2. School-sponsored Activities/Club Sports: The use of the facility can be requested by school-sponsored activities such as, but not limited to, club sports. Club sports include varsity and junior varsity level teams that are in-season. A facility request form must be completed. The request will have to be approved and a permit issued. Club sports may use the Stadium when lights are required within one billing cycle free of charge. Use of the facility outside the billing cycle will result in charges according to the Fee Schedule. Custodial fees will be assessed when the demand exceeds the normal custodial schedule.
3. School-Related Special Events: Special events refer to school-related activities such as the band festival, soccer festival, homecoming, the community pep rally, graduation, track and field day, and other student-centered activities. These provide opportunities for performance and competition within the Stadium & Athletic Complex. A recognition ceremony may also be of benefit to the students of North Hills. Even though the event is school-related, there may be costs associated with using the Stadium.
4. Community/Youth-Oriented Groups: The District may give permission to hold a youth day that is sport-related or a clinic that may benefit young athletics. There may also be a day that the community

football or soccer organizations may wish to request to hold games in the Stadium. The township or borough may request the facility for use by a flag football team or a soccer team that falls under the recreation program. Any youth group in the community may use the Stadium for one event/year during the daylight hours and charges assessed will be for custodial fees.

5. Community/Adult-Oriented Groups: Adult groups that are composed of 85% District residents may desire to use the Athletic Complex or Stadium. These groups should be under the auspices of the township or borough recreation department.
6. Non-Community Groups/WPIAL Events: Non-community groups are groups that request use of the Stadium and comprise less than 85% of District residents. There will be costs associated with the use of the Stadium, such a custodial and/or staffing charge. When the request is for a night event, the requesting group will incur costs for the use of lights.

Priority will be given to groups that previously used the facility when there are scheduling conflicts.
