

## My Commitment as a Learning Coach

Welcome, Learning Coach, to the world of online learning! You have a very important role in the success of your student. That is why it is very important that you understand your role as a learning coach.

### ***What exactly is a learning coach?***

A learning coach is a parent, family member, or other adult that is at home with the student while the student is going through their courses. If students are going through courses at a school a Learning Coach could be a teacher, para pro, or assigned mentor.

### ***The role of the Learning Coach is to:***

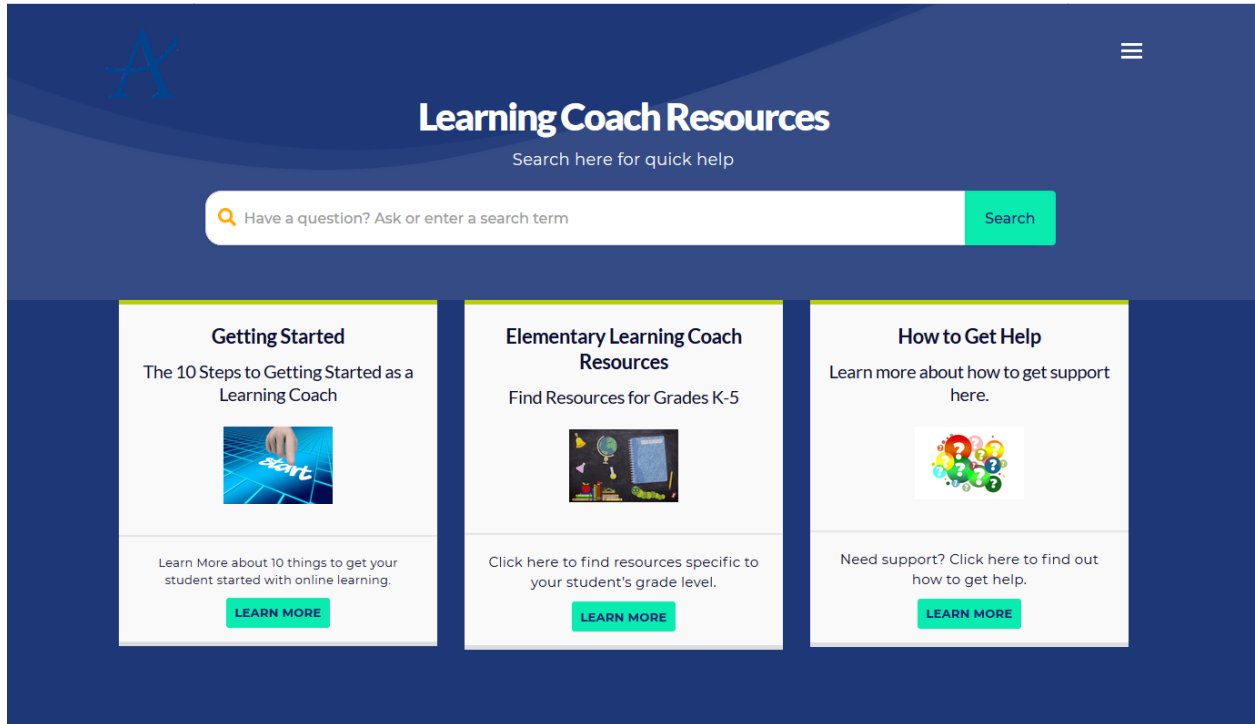

- Guide the student through the lessons as needed
- Discuss concepts being taught.
- Assist with interactive tools and games
- Oversee assignments
- Help facilitate hands on learning that may be in the course.
- Check for understanding on assignments.
- Keep the student on schedule and on pace.
- Insure all components of the course are being done with fidelity (independent reading, novel studies, practice activities, etc)
- Communicate with the teacher as needed.

Understanding the importance of your role as a learning coach is key to the success of your student. As a learning coach you are committed to helping your student going beyond what is online and bringing those concepts to life.

**Accelerate Education has built a Learning Coach Support portal.**

Here you will have access to support documents, FAQs, and ideas for keeping your student’s virtual learning day running smoothly. Resources for extra support within the content and curriculum will also be provided to support Learning Coaches and students.

Here are some samples of things that will make you more successful in your learning day!
