

Personal Statement for National Honor Society North Hills Senior High School

Directions to Candidate:

As part of your application portfolio, you must include a Personal Statement detailing a **specific experience** with one of the tenets of NHS - CHARACTER. In a personal statement that focuses on sharing aspects of your character that may be otherwise difficult to showcase in your candidate information form, **explain a single experience in which you have demonstrated high character**. Be as specific as possible so that the Faculty Advisory Committee can understand how you are a person of character.

Limit your Personal Statement to approximately 1 double-spaced, typed page or 250 words. Like any formal piece of writing, your Personal Statement should also adhere to the standard rules of conventional English.
