

## iPad Damage Insurance & Coverage

Families **must** enroll the student device at [www.one2onerisk.com](http://www.one2onerisk.com) and choose to either accept or decline the insurance option prior to the issuance of the student device.

- The insurance premium will be \$35 per student, per year with specified deductible(s).
- If parents/guardian(s) choose to decline insurance, they will be held financially responsible for all uninsured damage, service, or replacement of the device.
- Parents/guardian(s) may not substitute homeowners or other personal insurance for District-procured device insurance.

### To Accept Insurance ([www.one2onerisk.com](http://www.one2onerisk.com))

- The device insurance premium (\$35) and/or deductible payment(s) must be paid directly to the insurance company.
- Families are highly encouraged to purchase the insurance via credit card. Electronic payments are secure and accepted online for convenience.
- If you desire to pay by check, you must purchase an “insurance cash card” by contacting Denise Haberman (412-318-1017) at the district’s central administration office at 135 Sixth Ave. Pittsburgh, Pa. 15229 prior to the device distribution.
- All checks should be made payable to the North Hills School District and must include the student's ID number (example: 123456) in the memo field of the check to ensure that your payment is correctly recorded. NHSD will provide you with an “insurance cash card” with a pre-paid code that will need to be entered onto the insurance company’s website.
  - If you have more than one student receiving a device and choose to pay by check, please send a separate check with each student.

### To Decline Insurance ([www.one2onerisk.com](http://www.one2onerisk.com))

Families who choose to decline insurance must electronically select “I Elect Not to Participate” after enrolling the device on the website. You will not receive your device until that action is completed.
